CAPABILITIES		
Precision Machining and Grinding Jigs and Fixtures Small Fabrication	Tooling Welding CAD/CAM	CNC and Production Machining Heat Treating Machine Building

Milling	Turning
Capacity: CNC & Manual - 50" x 20" x 25"	Capacity: CNC - 16" x 24", Manual – 19" x 72"
(2) 2-pallet 4-axis Horizontal CNC Mill	(3) CNC Lathes
(2) 5-axis capable Vertical CNC Mills	3" Barfeeding capacity
(3) CNC Mills with Programmable Rotary Indexing	(2) CNC Lathes with 12 Station Live Tooling / Y Axis
(1) Horizontal Manual Mill	(5) Engine Lathes
(5) Vertical Manual Mills	(3) Second Operation Lathes
	(1) Hardinge Chucker Lathe
Grinding	Welding & Fabrication
(2) Cylindrical Grinders - O.D. Grinding to 12" x 58"	(1) Shear – Manual, 36"
(3) Surface Grinders – to 12" x 24"	(1) Brake – Finger, 48"
(1) Sunnen Hone – I.D. from .120" to 2.625"	(1) Plasma Cutter – 1" thick capacity
	(1) TIG/ARC welder (all alloys)
	(1) MIG welder (Steel, Aluminum)
Inspection	Programming
(1) Mitutoyo programmable CMM	GibbsCAM w/ 3-D Contouring & SolidSurfacer
(1) Brown & Sharpe manual CMM	Can import IGES, Solidworks, Inventor, DWG, DXF
Facility	Heat Treating & Finishing
8500 Sq. Ft., Climate-Controlled	(1) Cress Dual-chamber oven w/ programmable controller
Located close to I-64 and I-81	(1) Vibratory Parts Tumbler
Easy truck access w/ loading dock	
Daily UPS pickup/delivery
